To Bad Jurist

My name is Raymond Morris im currently serving time at Illinois River CC, on a wrongful conviction. I've been sentenced to 180 yrs for Predatory Criminal Sexual Assault. There is no physical evidence, DNA, witness's or police investigation to support these terrible accusations against me. I fought the charges against me almost 6yrs while out on bond. I lost at trial Jan 10 2018. I have no criminal background. I was a parent, father and provider for my family. I am innocent of the charges against me. There are several issues that were not brought up during my trial that should have been brought up. These issues are exculpatory exonerative issues that contain information that will prove my innocence. I have just received a favorable decision from the appellate court. The appellate court has given me a reverse & remand. My status is 2<sup>nd</sup> stage post conviction reverse & remand. My case does have merit with many factors to keep in mind. It makes zero ~~any~~ practical legal sense of not using exculpatory testimony. This is a grave injustice that's happened to me. I would like to share my full story with you in detail if you are interested. Would like you to post it also. This is a horrible thing that's happened to me, its a disgrace. I pray daily for my freedom. Look forward to hearing back from you. God bless

Sincerely,

Raymond Morris
