To Whom It May Concern,

I would like for you guys to look into my case from the origins of it because I know there is a lot of contradiction and a lot of constitutional violations in my case. My name is Jesse Ontiveros Pina D.O.B 10/27/1985 case number 4:21-CR-133, 22-2895. I know from the search warrant to the co-defendants statements, to the judge sentencing me wrong based on false information and coercion from the lawyers threats and ineffectiveness. Please look into my case it's worth it and I have plenty more to inform you guys. I really don't have any money but the exposure of the corruptiveness and constitutional violations there is a lawsuit just waiting to be happen please look into it thank you.

Cordially Jesse Ontiveros
