Re: People v. Donald McDonald, No. 94-CR-0811801

Dear BadJurist, Com

In the last few years Judge Diana L. Kenworthy has been appointed to hear my postconviction petitions.

This judge denies my petitions and refuses to inform it was denied, to deny my right to appeal or file a motion for re-hearing. The court knows my sentence is in violation of the statute I was sentenced under, and to keep me falsely imprisoned she denies me due process.

Sincerely  
Donald L. McDonald
